Subject: RE: testimonial

Hi John,

Testimonial below...

I found it difficult to find the right course to fulfill my training needs, whilst working around my full time job, but with the help of SHEilds I found the course that was right for me. The knowledge and skills gained whilst undertaking the NEBOSH NVQ has been invaluable to me, particularly using the evidence based systems to address all areas within the business at the same time. The tutors and support service at SHEilds were invaluable and always available to help. It was a very rewarding course and I would certainly recommend it to others.

Thanks
Claire
