Subject: NVQ 4 testimonial

Hi,

This testimonial outlines my NVQ4 experience with Shields Ltd my personal and professional opinions is that Shields provide you with first class coaching and support from beginning to the end. The tutors and admin are resourceful, professional with excellent manners, I have recommended Shields to many people through the IOSH website and word of mouth.

I would like to thank Mandy, John, Matthew, and Margaret (sorry if I have missed anyone out) for helping achieve my goal in a simple and stress free manner.

Regards
