Hi John

Although there are many NVQ providers out there I am glad I chose to complete my NVQ with Sheilds as they offered endless support with uncomplicated, straightforward examples of how to complete each unit. I found the monthly workshops to be a great help and the tutors were always friendly, professional and available which, surprisingly, lead to me completing my NVQ 4 in under 7 months. I have already recommended Sheilds to a number of colleagues and will continue to do so. Thanks for all your help.
