

IOSH Managing Safely in Rail

Study Time

This course has 22 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course is designed for supervisors working within the rail industry.

Overview

This IOSH Managing Safely in Rail course has been specifically created for those working in the rail industry who are required to manage safely and effectively in compliance with their organisation's policy, best industry practices, industry standards as set out by the Rail Safety and Standards Board Ltd. (RSSB), and the industry regulator – Office of Rail and Road (ORR).

This course is based on the existing IOSH Managing Safely® course and has been specifically tailored for those working within the rail industry. The course looks at industry-specific legislation, case studies and the roles of the ORR and RSSB.

What can I do?

This course equips you with essential skills to ensure safety within the railway industry.

You will be able to identify and mitigate risks, establish robust safety protocols, and promote a culture of wellbeing. You will have the confidence to manage safety effectively in the dynamic and critical rail sector.
