## Study Time

This course has 7 hours of study time required.

## Course Access

You have access to this course for 6 months from the date of purchase.

All employees

## Who it's for

This course is suitable for employees involved in managing risks within the workplace in low to medium risk industries.

## Overview

This course is designed to give learners the confidence to undertake suitable and sufficient assessments of risk and identify appropriate and balanced control measures.

The risk assessment at work course will be beneficial to employers, managers, supervisors and health and safety representatives specifically those involved in managing health and safety risks in the workplace. The course has been developed by NEBOSH in collaboration with the UK Health and Safety Executive (HSE) and is based on UK HSE published guidance.

## What can I do?

Completing this course equips you with advanced skills in identifying and managing workplace risks.

You will be able to expertly assess hazards, make informed decisions, and implement effective risk mitigation strategies, ensuring a safer and more secure work environment for all.

\*NEBOSH recommends that learners taking this certificate level qualification be at an IELTS level 5 or above.
