Assistant Managers

Who it's for

This course is aimed at those looking to embark on a career in environmental management or who have environmental responsibilities for their organisation.

Overview

The NEBOSH Environmental Management Certificate is designed to provide a sound basis for progression on to a NEBOSH Diploma in Environmental management.

The NEBOSH Environmental Certificate will benefit companies who are seeking to implement effective environmental management systems, ensuring that line managers have an understanding of the principles of managing environmental risk. This qualification is relevant to all industry sectors.

This NEBOSH Environmental Certificate course is suitable for those working anywhere in the world.

What can I do?

Completing the NEBOSH Environmental Certificate empowers you to lead in environmental management. You will gain expertise in assessing and mitigating environmental risks, ensuring regulatory compliance, and championing sustainability.

This course can open doors to careers in diverse industries, making a positive impact on the planet by safeguarding its natural resources and ecosystems.

*NEBOSH recommends that learners taking this certificate level qualification be at an IELTS level 6 or above.
