# NEBOSH HSE RISK ASSESSMENT AT WORK AWARD

Completing the NEBOSH HSE Award in Managing Risks and Risk Assessment at Work **equips you with advanced skills in identifying and managing workplace risks.**

You will be able to expertly assess hazards, make informed decisions, and implement effective risk mitigation strategies, ensuring a safer and more secure work environment for all.

This course has 7 hours of study time required.

This course is typically completed within 3-6 days.

You have access to this course for 6 months from the date of enrolment. This course is RQF level 2, SQF Level 5 and NQF Level 3.

This course is suitable for employees involved in managing risks within the workplace in low to medium risk industries.

[www.SHEilds.org](http://www.SHEilds.org)

The NEBOSH HSE Award in Managing Risks and Risk Assessment at Work is **tailored for individuals who are involved in managing risks** within the workplace and their organisation.

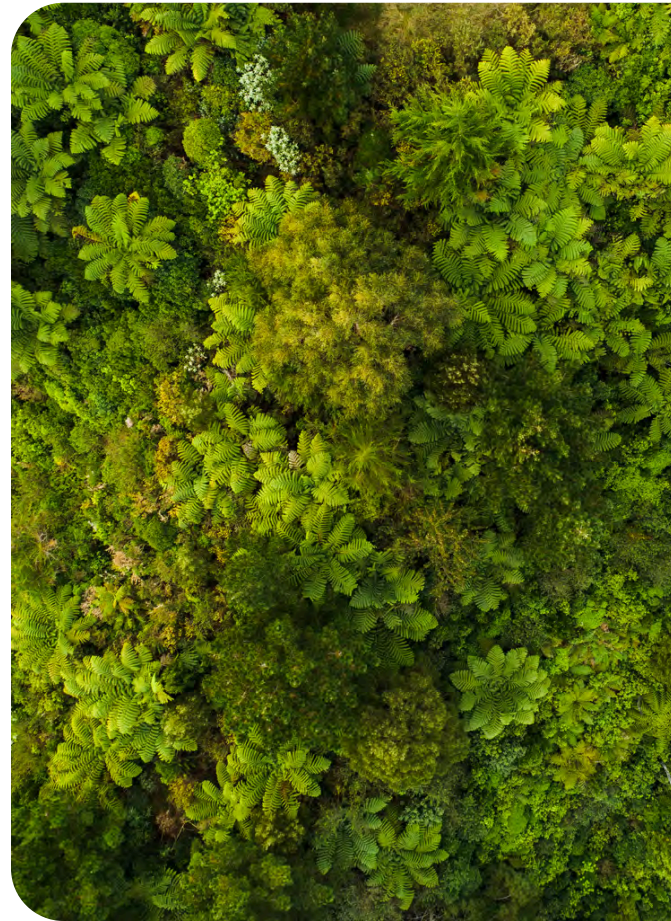

This course is highly beneficial for those in low to medium risk industries as a stepping stone to higher health and safety education such as the NEBOSH General Certificate.

# SHE ilds

[View Qualification](#)

This qualification is **designed to give learners the confidence to undertake suitable and sufficient assessments** of risk and identify appropriate and balanced control measures.

The risk assessment at work course is beneficial to employers, managers, supervisors and health and safety representatives specifically those involved in managing health and safety risks in the workplace. The course has been developed by NEBOSH in collaboration with the UK Health and Safety Executive (HSE) and is based on UK HSE published guidance.

# IEMA SUSTAINABILITY SKILLS FOR THE WORKFORCE

In the age of environmental sustainability, preservation efforts have become a critical concern for businesses across all industries. By obtaining the IEMA Environmental Sustainability skills for the workforce, you will **gain a better understanding of environmental challenges**, strategies to reduce carbon footprint and resource management.

This course has 7 hours of study time required.

This course is typically completed within 2-3 days.

You have access to this course for 6 months from the date of enrolment.

This course is for workers in any job role across all sectors and industry.

Upon completion of the IEMA Environmental Sustainability Skills for the Workforce qualification, **you will gain a deep understanding of environmental principles and practices.**

This aids you in actively contributing to sustainability initiatives within your organisation, promoting eco-conscious decision-making, reducing environmental impacts, and supporting a greener, more responsible future in the workplace.

**SHE**  
**iLds**

View  
Qualification

This course provides a practical introduction to environmental sustainability, and **gives you and your team the tools to make a measurable difference.**

This entry level specialist qualification introduces you to a range of new concepts for environmental sustainability measures, to help your workplace to become more eco-friendly.

# IEMA SUSTAINABILITY SKILLS FOR MANAGERS

Completing the IEMA Sustainability Skills for Managers qualification equips you with strategic environmental knowledge. This qualification **empowers you to lead and drive sustainability initiatives** within your organisation, influencing policy, reducing environment risks, and ensuring businesses operate ethically and responsibly, ultimately contributing to a greener and more sustainable future.

This course has 14 hours of study time required.

This course is typically completed within 2-3 days.

You have access to this course for 6 months from the date of enrolment.

This course is aimed at individuals wanting to start a career in environmental management or for those who already have environmental responsibilities

[www.SHEilds.org](http://www.SHEilds.org)

The IEMA Sustainability Skills for Managers course is intended to support management to understand key planning and working implications of environmental sustainability, allowing them to make operational improvements within their organisation.

**This two-day course enables you to quickly upskill your team**, including those with operational responsibilities, and provides individuals with the resources to support their impact on environmental sustainability.

Qualification](#)

In today's world, environmental sustainability has become a critical concern for businesses across all industries. By obtaining this qualification, you will gain a deep understanding of environmental challenges, resource management, and strategies to reduce carbon footprint.

With this course, you will be able to **implement sustainable initiatives**, optimise resource efficiency, and align your organisations with global sustainability goals.

# IOSH WORKING SAFELY

Upon completion of the IOSH Working Safely course you will have a foundational understanding of **good working practices in the workplace** to ensure you and others are kept safe.

This course has 8 hours of study time required.

This course is typically completed within 1 day.

You have access to this course for 6 months from the date of enrolment. This course is RQF level 1, SQF Level 3 and NQF Level 2.

This course is designed for all employees who require a base understanding of health and safety.

[www.SHEilds.org](http://www.SHEilds.org)

The IOSH Working Safely course is for anyone, in any sector, at any career level who requires a base understanding and qualification in health and safety.

This qualification is an accessible entry level qualification that is intended to ensure a base **awareness of general health and safety issues** around the workplace. This certification covers the identification and definition of common dangers and risks, enhancing safety practices, and safeguarding the environment. Assessing involves a multiple choice question assessment and a hazard spotting exercise, both of which can be completed online.

Qualification

This qualification ensures the basics of understanding necessary procedures to **mitigate risks and prevent accidents**. This course is ideal for individuals aspiring to start a health and safety career, as it establishes a solid groundwork for attaining more advanced health and safety qualifications.

# IOSH MANAGING SAFELY<sup>®</sup>

Those who complete the IOSH Managing Safely qualification will be able to **effectively oversee workplace safety**, identify and mitigate risks, and lead safety initiatives. It will enable you to ensure a secure work environment, protect employees, and enhance organisational compliance.

This course has 22 hours of study time required.

This course is typically completed within 2 weeks.

You have access to this course for 6 months from the date of enrolment. This course is RQF level 2, SQF Level 5 and NQF Level 3.

This course is aimed at those employed in managerial roles, including supervisors and team leaders.

[www.SHEilds.org](http://www.SHEilds.org)

The IOSH Managing Safely course introduces the concepts of Safety Management Systems, teaching best practices for managing health and safety in the workplace.

This qualification serves as an **excellent starting point for employees** who are embarking on a new journey in the field of health and safety.

**SHE**  
**ilds**

View  
Qualification

The IOSH Managing safely is a key qualification for all supervisors and line managers. Accidents can happen in any workplace and avoiding them can be a simple process.

This qualification provides the **fundamentals and foundations of health and safety**, to help start your career in safety. It is recommended to study this qualification first before taking on the NEBOSH General Certificate.

# IOSH MANAGING SAFELY REFRESHER

The IOSH Managing Safely Refresher course will **refresh and update your knowledge of safety management**. It ensures you stay current with the latest safety regulations and practices, reinforcing your ability to lead and maintain a safe and compliant workplace environment efficiently.

This course has 6 hours of study time required.

This course is typically completed within 1 day.

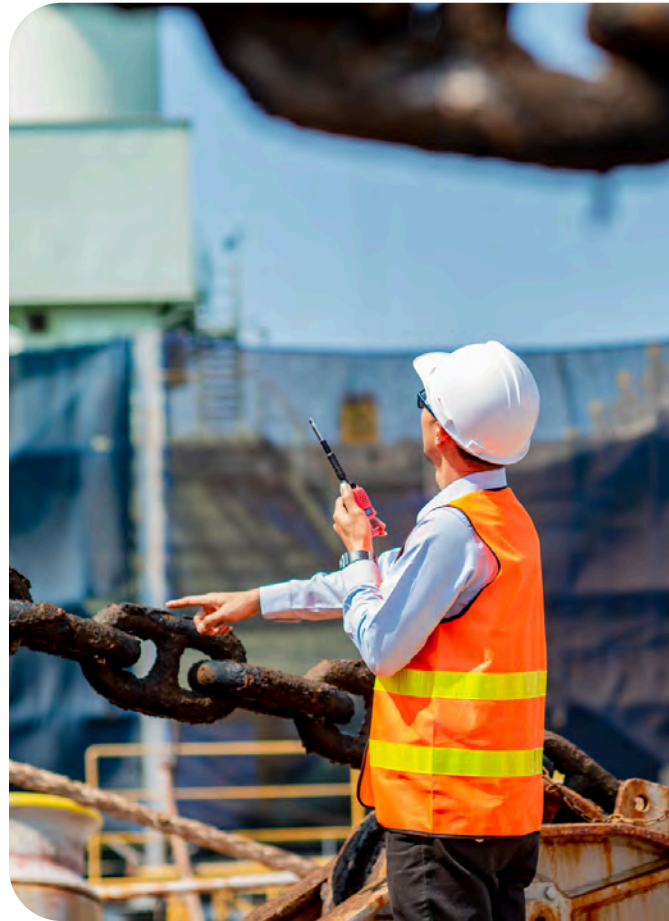

You have access to this course for 6 months from the date of enrolment.

This Refresher course is for anyone that has passed the IOSH Managing Safely® Course.

www.SHEilds.org

This refresher course is for anyone that has previously passed the IOSH Managing Safely® course. It will refresh and **reinforce prior learning** and helps bring your safety knowledge and skills up to date.

IOSH recommend that the IOSH Managing Safely Refresher course is completed within three years of finishing the original IOSH Managing Safely®, although that doesn't prevent learners from refreshing for any period longer than that.
