Course Brochure

IOSH Working Safely

Study Time

This course has 8 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

All employees

Who it's for

This course is designed for all employees who require a base understanding of health and safety.

Overview

The IOSH Working Safely award is an accessible introductory qualification that welcomes individuals from all backgrounds.

It is intended to ensure a base understanding of workplace health and safety concerns. This certification covers the identification and definition of common dangers and risks, enhancing safety practices, and safeguarding the environment. Assessment involves a multiple-choice question assessment and a hazard-spotting exercise, both of which can be completed online.

You have the option to obtain an IOSH Working Safely certificate and/or the IOSH Safety Passport as proof of your qualification.

What can I do?

You will learn the foundations for good working practices in the workplace - to ensure you, and others, are kept safe.

This course sets the bar for those wanting to progress further in health and safety as a career.

IOSH Managing Safely®

Study Time

This course has 22 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course is aimed at those employed in managerial roles, including supervisors, team leaders, etc.

Overview

The IOSH Managing Safely certificate introduces the concepts of Safety Management Systems, teaching best practices for managing health and safety in the workplace. Undertaking the IOSH Managing Safely Certificate course will teach you why it is important to follow safety measures in every industry and workplace.

The importance of Safety Management is often underestimated. However, well-tuned Safety Management Systems are proven to be a significant factor in the success of any business. The IOSH Managing Safely is a key qualification for all supervisors and line managers.

Accidents can happen in any workplace and avoiding them can be a simple process.

What can I do?

You will be able to effectively oversee workplace safety, identify and mitigate risks, and lead safety initiatives. It will enable you to ensure a secure work environment, protect employees, and enhance organisational compliance.

IOSH Managing Safely in Rail

Study Time

This course has 22 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course is designed for supervisors working within the rail industry.

Overview

This IOSH Managing Safely in Rail course has been specifically created for those working in the rail industry who are required to manage safely and effectively in compliance with their organisation's policy, best industry practices, industry standards as set out by the Rail Safety and Standards Board Ltd. (RSSB), and the industry regulator – Office of Rail and Road (ORR).

This course is based on the existing IOSH Managing Safely® course and has been specifically tailored for those working within the rail industry. The course looks at industry-specific legislation, case studies and the roles of the ORR and RSSB.

What can I do?

This course equips you with essential skills to ensure safety within the railway industry.

You will be able to identify and mitigate risks, establish robust safety protocols, and promote a culture of wellbeing. You will have the confidence to manage safety effectively in the dynamic and critical rail sector.

IOSH Managing Safely Refresher

Study Time

This course has 6 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course will refresh and reinforce prior learning and help bring safety skills up to date.

Overview

This refresher course is for anyone that has previously passed the IOSH Managing Safely® course. It will refresh and reinforce prior learning and help bring safety skills up to date.

IOSH recommend that the IOSH Managing Safely Refresher course is completed within three years of finishing the original IOSH Managing Safely®, although that doesn't prevent learners from refreshing for any period longer than that.

What can I do?

This course will refresh and update your knowledge of safety management. It ensures you stay current with the latest safety regulations and practices, reinforcing your ability to lead and maintain a safe and compliant workplace environment efficiently.

NEBOSH HSE Award in Managing Risks and Risk Assessment at Work

Study Time

This course has 7 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

All employees

Who it's for

This course is suitable for employees involved in managing risks within the workplace in low to medium risk industries.

Overview

This course is designed to give learners the confidence to undertake suitable and sufficient assessments of risk and identify appropriate and balanced control measures.

The risk assessment at work course will be beneficial to employers, managers, supervisors and health and safety representatives specifically those involved in managing health and safety risks in the workplace. The course has been developed by NEBOSH in collaboration with the UK Health and Safety Executive (HSE) and is based on UK HSE published guidance.

What can I do?

Completing this course equips you with advanced skills in identifying and managing workplace risks.

You will be able to expertly assess hazards, make informed decisions, and implement effective risk mitigation strategies, ensuring a safer and more secure work environment for all.

*NEBOSH recommends that learners taking this certificate level qualification be at an IELTS level 5 or above.

IEMA Environmental Sustainability Skills for the Workforce

Study Time

This course has 7 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

All employees

Who it's for

This course is for workers in any job role across all sectors.

Overview

This course provides a practical introduction to environmental sustainability, and gives you and your team the tools to make a measurable difference.

Upskill your workforce to increase performance, efficiency, and impact by improving the motivation and culture within any organisation with this IEMA course

What can I do?

Upon completing the IEMA Environmental Sustainability Skills for the Workforce, you will gain a deep understanding of environmental principles and practices. This aids you in actively contributing to sustainability initiatives within your organisation, promoting eco-conscious decision-making, reducing environmental impacts, and supporting a greener, more responsible future in the workplace.

IEMA Environmental Sustainability Skills for Managers

Study Time

This course has 14 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course is for workers in any job role across all sectors.

Overview

This course is intended to support the management team, including business leaders, managers and supervisors to understand key planning and working implications of environmental sustainability, allowing them to make operational improvements within their organisation.

This two-day course enables you to quickly upskill your team, including those with operational responsibilities, and provides individuals with the tools and resources to support their impact on environmental sustainability.

What can I do?

Completion of the IEMA Environmental Sustainability Skills for Managers equips you with strategic environmental knowledge. This qualification empowers you to lead and drive sustainability initiatives within your organisation, influencing policy, reducing environmental risks, and ensuring businesses operate ethically and responsibly, ultimately contributing to a greener and more sustainable future.

7 Employee Benefits of SHEilds eLearning qualifications

Being able to show that you are competent in your work and able to demonstrate the knowledge and skill required to perform at the recognised occupational standard.

Further your professional development and increase your career prospects by developing transferable skills recognised and valued by employers universally.

Improve your job satisfaction, confidence, and drive to succeed in your occupation.

A flexible way of gaining a recognised and respected qualification, with no requirement to have already completed other formal qualifications.

Recognised route to professional memberships with globally recognised professional institutes.

Examinations are available globally. SHEilds students are not fixed to a specific exam date, exam dates can be selected when a student feels confident.

Globally recognised qualifications can give you an advantage in the workplace for promotion and job security.

8 Employer Benefits of SHEilds eLearning qualifications

Value for money - course access is unlimited during the study period, allowing students to study 24 hours a day 7 days a week.

The course is accessible from any PC with internet access allowing study in the workplace or from home, minimising disruption, and downtime to business.

Increased staff productivity, efficiency, and performance.

Increased motivation and job satisfaction for employees.

Students can start the qualification at their capability level, and no prior qualifications are required.

Ensuring staff are working to up-to-date standards and best practices within their field enables employees to gain well recognised and respected qualifications.

Demonstrates a commitment to quality and continuous improvement.

When employees have globally recognised qualifications, this can help when tendering for contracts with some organisations and towards quality standards.
