IOSH Working Safely

Study Time

This course has 8 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

All employees

Who it's for

This course is designed for all employees who require a base understanding of health and safety.

Overview

The IOSH Working Safely award is an accessible introductory qualification that welcomes individuals from all backgrounds.

It is intended to ensure a base understanding of workplace health and safety concerns. This certification covers the identification and definition of common dangers and risks, enhancing safety practices, and safeguarding the environment. Assessment involves a multiple-choice question assessment and a hazard-spotting exercise, both of which can be completed online.

You have the option to obtain an IOSH Working Safely certificate and/or the IOSH Safety Passport as proof of your qualification.

What can I do?

You will learn the foundations for good working practices in the workplace - to ensure you, and others, are kept safe.

This course sets the bar for those wanting to progress further in health and safety as a career.

IOSH Managing Safely®

Study Time

This course has 22 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course is aimed at those employed in managerial roles, including supervisors, team leaders, etc.

Overview

The IOSH Managing Safely certificate introduces the concepts of Safety Management Systems, teaching best practices for managing health and safety in the workplace. Undertaking the IOSH Managing Safely Certificate course will teach you why it is important to follow safety measures in every industry and workplace.

The importance of Safety Management is often underestimated. However, well-tuned Safety Management Systems are proven to be a significant factor in the success of any business. The IOSH Managing Safely is a key qualification for all supervisors and line managers.

Accidents can happen in any workplace and avoiding them can be a simple process.

What can I do?

You will be able to effectively oversee workplace safety, identify and mitigate risks, and lead safety initiatives. It will enable you to ensure a secure work environment, protect employees, and enhance organisational compliance.

IOSH Managing Safely in Rail

Study Time

This course has 22 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course is designed for supervisors working within the rail industry.

Overview

This IOSH Managing Safely in Rail course has been specifically created for those working in the rail industry who are required to manage safely and effectively in compliance with their organisation's policy, best industry practices, industry standards as set out by the Rail Safety and Standards Board Ltd. (RSSB), and the industry regulator – Office of Rail and Road (ORR).

This course is based on the existing IOSH Managing Safely® course and has been specifically tailored for those working within the rail industry. The course looks at industry-specific legislation, case studies and the roles of the ORR and RSSB.

What can I do?

This course equips you with essential skills to ensure safety within the railway industry.

You will be able to identify and mitigate risks, establish robust safety protocols, and promote a culture of wellbeing. You will have the confidence to manage safety effectively in the dynamic and critical rail sector.

IOSH Managing Safely Refresher

Study Time

This course has 6 hours of study time required.

Course Access

You have access to this course for 6 months from the date of purchase.

Supervisors

Who it's for

This course will refresh and reinforce prior learning and help bring safety skills up to date.

Overview

This refresher course is for anyone that has previously passed the IOSH Managing Safely® course. It will refresh and reinforce prior learning and help bring safety skills up to date.

IOSH recommend that the IOSH Managing Safely Refresher course is completed within three years of finishing the original IOSH Managing Safely®, although that doesn't prevent learners from refreshing for any period longer than that.

What can I do?

This course will refresh and update your knowledge of safety management. It ensures you stay current with the latest safety regulations and practices, reinforcing your ability to lead and maintain a safe and compliant workplace environment efficiently.

7 Employee Benefits of SHEilds eLearning qualifications

Being able to show that you are competent in your work and able to demonstrate the knowledge and skill required to perform at the recognised occupational standard.

Further your professional development and increase your career prospects by developing transferable skills recognised and valued by employers universally.

Improve your job satisfaction, confidence, and drive to succeed in your occupation.

A flexible way of gaining a recognised and respected qualification, with no requirement to have already completed other formal qualifications.

Recognised route to professional memberships with globally recognised professional institutes.

Examinations are available globally. SHEilds students are not fixed to a specific exam date, exam dates can be selected when a student feels confident.

Globally recognised qualifications can give you an advantage in the workplace for promotion and job security.

8 Employer Benefits of SHEilds eLearning qualifications

Value for money - course access is unlimited during the study period, allowing students to study 24 hours a day 7 days a week.

The course is accessible from any PC with internet access allowing study in the workplace or from home, minimising disruption, and downtime to business.

Increased staff productivity, efficiency, and performance.

Increased motivation and job satisfaction for employees.

Students can start the qualification at their capability level, and no prior qualifications are required.

Ensuring staff are working to up-to-date standards and best practices within their field enables employees to gain well recognised and respected qualifications.

Demonstrates a commitment to quality and continuous improvement.

When employees have globally recognised qualifications, this can help when tendering for contracts with some organisations and towards quality standards.
