The NEBOSH Health and Safety at Work Award is aimed at individuals who need a clear, practical introduction to health and safety in the workplace.

This course is **highly beneficial for employees, supervisors, team leaders, and anyone who wants to understand workplace hazards**, reduce risk, and support safer day-to-day working practices.

This qualification is designed for those who want to build a practical understanding of health and safety in the workplace, whether they are new to the subject or need a foundation-level qualification to support their role.

The NEBOSH Health and Safety at Work Award helps learners recognise common workplace hazards, **understand how risks can be controlled, and contribute to safer working practices** across their organisation.
