Who is this for?

Ideal for employees beginning a health & safety career, line managers required to review their departmental systems for safety and learners preparing for further NEBOSH studies.

Overview

The **Managing Safely** course is for those required to manage safely and effectively in compliance with both their organisation's policy and best practice in health and safety, helping to standardise their operations.

There are no prerequisite entry requirements for this qualification, however students will find it helpful to have already achieved an awareness-level qualification to improve their potential end result. The course aims to ensure that safety requirements are appreciated by line managers, and to enable them to review their own departmental systems for safety, introducing new controls or implementing changes as appropriate to ensure safety in the workplace.
